

Nayeli Maldonado – BIO

Hi families my name is Nayeli Maldonado.

I have been dancing for 6+ years! This is truly one of my passions and I believe that it is an amazing way to channel your energy in a positive way. Not only am I here to serve you, your kids, and the community but to pour into them and build them up in their gifts and talents. A little bit about me is I have a twin sister and am the oldest of 3. I have been working with kids since I was 15 and even went to ministry school to learn how to further partner with parents and kids. I am excited to meet all of you and get to know you as we go about teaching this class.
